*Prerequisite course completion is required
(i.e. Physical Science before Biology, Alg. before Geom.)

- If you have taken World History in 6 grade, you will need to register for U.S. History in 8th grade. Students must take Civics according to our Student Progression Plan in middle school.
- **Advanced Course Criteria:** Placement in advanced courses will be based on grades in previous classes, standardized test scores and teacher recommendations. Placement in HS Math and Science require 6th and 7th grade accelerated participation and satisfactory progress.
- *A Parent/Teacher Conference is required to move down a level once classes begin.*

8 grade Requirements

Students who are attending on CSRMS campus must reach out to their classroom teacher for signatures for advance placement or high school course Algebra II, Geometry, and Biology before turning it in.

MSO students will need to reach out to their teacher if you have questions regarding advanced placement.

For MSO students, the teachers will mark your placement after you turn it in to your Civics teacher with your electives completed and parent signature.

Self Contained Gifted Classes

Please disregard this section if your child has not yet qualified for gifted services in Pasco County.
Teachers must initial approved courses:

Gifted Classes

Students electing to not take all Gifted courses offered (ELA, WH, Science) may not receive an approval for School Choice Placement at CSRMS when selecting 'Self-Contained Gifted' as the reason for requesting placement (unless applied and accepted to the SOAR Academy).

Electives

- Please cross out the semester elective if you already have taken it first semester or currently taking the course before you rank order your selections.
- You do need a semester of PE in 8 grade.
- You must rank order your electives: 1 is your top choice and 6 is your last choice.

Electives — Cross out the course if you taken it first semester or are currently taking the course before ranking your electives. Rank order 1-6, in order of choice, 1 being top pick. Students have 2 periods of electives per calendar year. If you select a semester course, select another semester course to pair it with. If you select any year-long courses, a PE waiver must be on file. Satisfactory passing of prerequisite, previous year’s E/LA and Math courses, and FSAs of 3 or higher are required for high school level elective courses.

The CSRMS SOAR Academy

- The CSRMS SOAR Team (Secondary Online Academic Readiness) provides a program that expands your education through student-driven instruction, face-to-face instruction, and cutting-edge technology.
- This blended learning combines Pasco teacher-facilitated eSchool curriculum with face-to-face instruction.
- Students are allowed to work at their own pace or accelerate their own learning. Students will follow a pacing guide and meet individually with teachers weekly to discuss progress. The ideal candidate is motivated, independent, and ready to learn!

The CSRMS SOAR Academy

- Students will attend their Language Arts, Math, Science, and Social Studies classes in a blended environment by utilizing live instruction along with online lessons.
- The highly qualified teachers implement one-on-one conferences, small group mini-lessons, interactive projects, and labs in each content area.
- Students enrolled will have access to a school computer during the day while on campus. Access to online content at home is preferred, but not required. Due to the different paces and organization of classroom vs. online curriculum as well as the significant cost of the online licenses per student that the school incurs, a year-long commitment to the program is required.

PE Waiver

We would like to have one on file in case the schedule does not include Physical Education (PE). Students are required to take one semester of PE each year. A completed waiver must be on file or a schedule change from your previously requested electives may occur to include PE.

PE Waiver Statement: Senate Bill 610 requires the equivalent of one class period per day of physical education for one semester of each year for students in grades 6 – 8.

The physical education requirement shall be waived for a student who meets one of the following criteria:

- a) The student is enrolled or required to enroll in a remedial course
- b) the parent requests that the student enroll in another course from among those offered as options by the school district, or
- c) the student is participating in physical activities outside the school day, which are equal to or in excess of the mandated requirement.

After reading the PE Waiver statement, I believe my child meets one of the listed criteria for an exemption and request a course other than PE.
